

# LISA HEPNER

## Testimonials

Lisa Hepner is an excellent speaker! Her style is very captivating and entertaining. She doesn't talk to her audience, she talks WITH them."

• Rev. Chris Michaels, Center for Spiritual Living, Kansas City, MO

"Lisa Hepner spoke at our church on "The Keys to Inner Peace and World Peace," and presented a workshop afterwards based on her book, *Peaceful Earth*. The congregation loved her and the workshop was well attended. Her message was important, clear, and delightfully presented. This gal is good AND a true joy to work with."

• Rev. Mike Gerdes, Center for Positive Living, RSI Educational, Kennewick, WA

"Not only is Lisa skilled in the art of public speaking, she is blessed with the ability to add spark and magic by sharing from a deep place of soul. Her appearance is professional yet comfortable, allowing her to move freely. I always felt she was talking with us, and not at us. There was nothing static or stagnant about her talk. She kept it alive for the duration, with our congregation wanting more."

• Rev. Kathleen Verigin, Abundant Life Center, Vancouver, WA

"The service Lisa presented for our congregation was wonderful! At a time when our world seems so out of our control her simple message that we all contribute to peace on earth, one person at a time brings a great sense of empowerment to us all. Thank you for showing us that peace can be found in the simplest of day to day conversations, like with your mother. And thank you for sharing this message in a fun and joyful way. We at the Spiritual Growth Center in Eugene, Oregon have grown as a result of this presentation and the love."

• Meri Justis, Minister, Spiritual Growth Center, Eugene, OR

"Lisa Hepner is an energetic and entertaining speaker. She WOWS the audience with her story-telling abilities; utilizing vocal variety (from a shout or cry to a whisper), and gestures (facial expressions and movement) to add impact to the story so that audience members are actually in the story. Her entire speech was a story that kept me involved the whole time. She is a creative speaker, involving audience members in her speech and using props which keeps the audience attentive and solidifies the concepts she is speaking about. You can FEEL the passion which Lisa has for the subjects she speaks about. It is inspiring and contagious!!!"

• Rev. Kelly Bryant, Senior Minister, Unity Church of the Redwoods, Eureka, CA
